Education

SRM Institute of Science and Technology **Aug 2023 – May 2027**
B.Tech in Biotechnology (CGPA: 8.15) *Chennai, India*

Don Bosco School **2022**
CISCE - Class XII (77.5%) *Bandel, Hooghly, India*

Don Bosco School **2020**
ICSE - Class X (92.6%) *Bandel, Hooghly, India*

Research Experience

Microbiology Laboratory Experience **2024 – Present**
SRM Institute of Science and Technology *Chennai, India*

- Worked on advanced microbiological laboratory techniques and experimental workflows.
- Performed PCR, Western Blotting, and microbial culture handling.
- Worked extensively with Lactic Acid Bacteria and biofilm-related assays.

Projects

Biofilm Formation in Gut Microbial Isolates **2026**
Research Project *SRM Institute of Science and Technology*

- Conducted in vitro assessment of microbial biofilm formation under altered nutritional conditions and studied adaptive microbial responses.

Isolation and Characterization of Soil Bacteria **2025**
Microbiology Project *SRM Institute of Science and Technology*

- Performed bacterial isolation, Gram staining, and biochemical characterization.

Airline Revenue Management System **2026**
Data Analytics Project *Personal Project*

- Analyzed historical flight ticket pricing data and developed a predictive model to forecast future ticket prices.
- Evaluated pricing trends and demand patterns to recommend optimal pricing strategies for revenue maximization.

Route Profitability Analysis **2026**
Data Analytics Project *Personal Project*

- Analyzed passenger demand, route distance, and fuel cost data to evaluate airline route performance.
- Identified profitable routes, underperforming routes suitable for discontinuation, and potential expansion opportunities through data-driven recommendations.

Certifications

- Android Application Development (Great Learning), Python Bootcamp (Udemy)

Technical Skills

Laboratory Skills: Advanced Microbiology, Immunological Techniques, Biofilm Assays, Microbial Culture Handling
Molecular Biology: PCR, CRISPR Workflow, Western Blotting
Programming: Python, Java, HTML
Database: SQL
Data Analytics: Microsoft Excel, Google Sheets, Tableau
Bioinformatics: PyMOL
Design Tools: AutoCAD
